

Ground Rules for BI

During the Big Ideas sessions, we all agree to:

1. Be **patient**, kind, and empathetic to others
2. Not take disagreements **personally**
3. Keep an **open mind**
4. Remember we are **ALL** learning (and that includes the tutor).
5. **Respect** the opinions of others
6. Argue **politely**
7. Not **talk across** one another.
8. Keep a sense of **humour**
9. Never '**troll**', or say provocative things just to get a 'rise' out of others.
10. Be **patient** with ourselves: nothing is ever learned without time and persistence.
